

GOUGAR

ROAD STUDY

Public Information Meeting

June 1, 2021

EXISTING AND PROPOSED CROSS SECTIONS

EXISTING

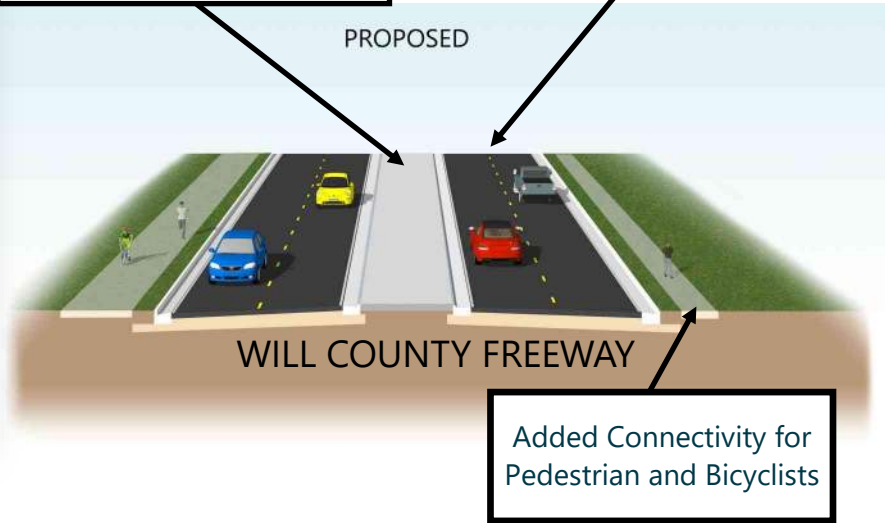

The existing roadway is generally one lane in each direction with paved or gravel shoulders. Grass ditches drain the roadway. This is commonly referred to as a rural cross section.

Access Management and Separating Traffic Improves Safety and Mobility

Increased Capacity Reduces Travel Times

PROPOSED

WILL COUNTY FREEWAY

Added Connectivity for Pedestrian and Bicyclists

The proposed improvement includes widening Gougar Road to a four-lane roadway with a raised median and curb and gutter. New or upgraded bicyclist and pedestrian facilities can be accommodated on both sides of the road. These accommodations are subject to local agency cost participation.

QUESTIONS, COMMENTS, AND INFORMATION

Your comments are valuable to us. To submit a comment, fill out the comment form at GougarRoadStudy.com, or pick up a printed copy from the Will County Department of Transportation office and send or email to:
